 11-21-2: Design of Loading Berths
 11-21-3: Berths Required

11-21-1: **INTENT:** The intent of off-street loading requirements is to avoid traffic hazards and minimize congestion of streets by requiring that off-street loading areas be provided on the same lot as the building served by delivery trucks, and that such areas be adequate in size and number to provide the service needed without affecting adjacent properties. (Ord. 454, 6-19-2000)

- C. Each loading berth shall be designed with access to a public street or alley and so designed as not to interfere with normal traffic movement.
- D. Each berth shall be at least 12 feet x 35 feet in size with a height clearance of 18 feet.

NONCONFORMING USES, LOTS AND STRUCTURES

SECTION:

- 11-22-1: Intent
- 11-22-2: Nonconforming Lots of Record
- 11-22-3: Nonconforming Uses of Land
- 11-22-4: Nonconforming Structures
- 11-22-5: Nonconforming Uses of Structures
- 11-22-6: Repairs and Maintenance
- 11-22-7: Conditional Uses

11-22-1: **INTENT:**

- A. Existing Nonconformities:** Within the districts established by this title or amendments thereto, there exist lots, structures, uses of land and structures, and characteristics of use which were lawful before this title was adopted or amended, but which would be prohibited, regulated or restricted under the terms of this title or future amendments. It is the intent of this title to permit these nonconformities to continue until they are removed, but not to encourage their survival. It is further the intent of this title that nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.
- B. Declared Incompatible:** Nonconforming uses are declared by this title to be incompatible with permitted uses in the district involved. However, to avoid undue hardship, nothing in this title shall be deemed to require a change in the plans, construction or designated use of any building on which actual construction lawfully began prior to the effective date of adoption or amendment of this title, and which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where excavation or demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such excavation or demolition or removal be deemed to be actual construction, provided that work shall be carried on diligently. (Ord. 454, 6-19-2000)

11-22-2: **NONCONFORMING LOTS OF RECORD:**

- A. Single Lot:** In any district, notwithstanding other limitations imposed by this title, structures permitted in said district may be erected on any single lot of record on the effective date of this title. Such lot must be in a separate ownership and not of continuous frontage with other lots of the same ownership. A lot of record that does not meet lot area or lot width requirements must still meet other requirements of the district.
- B. Two or More Lots:** If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of adoption or amendment of this title, and if all or part of the lots do not meet the requirements established for lot width and area, the lands involved shall be considered to be an undivided parcel for the purposes of this title. Where lots are larger than required by this title, said lots may be subdivided into smaller lots except no parcel may be divided so as to create a lot smaller in lot width or lot area than required by this title. (Ord. 454, 6-19-2000)

11-22-3: **NONCONFORMING USES OF LAND:**

- A. Continuation:** Where, at the time of passage of this title, lawful use of land exists which would not be permitted by the regulations imposed by this title, the use may be continued so long as it remains otherwise lawful, provided:
1. No such nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this title.
 2. No such nonconforming use shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such use at the effective date of adoption or amendment of this title.
 3. If any such nonconforming use of land ceases for any reason for a period of more than 90 days or is legally abandoned, any subsequent use of such land shall conform to the regulations specified by this title for the district in which such land is located.
 4. Any manufactured home within any city zoning district at the time of passage of this title may be replaced by another manufacture home upon issuance of a land use permit. However, no permit may be issued unless such replacement manufacture home meets all setback requirements of the zone or does not infringe upon the setbacks of the original manufacture home.
 5. No additional nonconforming structure in connection with the requirements of this title shall be erected in connection with such nonconforming uses of land.

- B. Off-Street Parking and Loading:** For the purpose of this chapter, the lack of required off-street parking per Chapter 20 of this title and the lack of off-street loading per Chapter 21 of this title as applied to the CBD District shall not render structures as nonconforming. (Ord. 454, 6-19-2000)

11-22-4: **NONCONFORMING STRUCTURES:** Where a lawful structure exists at the effective date of adoption or amendment of this title that could not be built under the terms of this title by reason of restriction on lot area, lot coverage, height, yards, its location on the lot, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

- A. No such nonconforming structure may be altered or enlarged in any way, which increases its nonconformity, but any structure or portion thereof may be altered to decrease its nonconformity.
- B. Should such nonconforming structure or nonconforming portion of a structure be destroyed by any means it shall not be reconstructed except in a way that will not increase the preexisting nonconformity.
- C. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved. (Ord. 454, 6-19-2000)

11-22-5: **NONCONFORMING USES OF STRUCTURES:** If lawful use of the structure or of structures and premises existing at the effective date of adoption or amendment of this title that would not be allowed in the district under the terms of this title, the lawful use may be continued so long as it remains otherwise lawful, provided that:

- A. No existing structure devoted to a nonconforming use shall be enlarged, extended, constructed or structurally altered unless the use is changed to a permitted use.
- B. Any nonconforming use may be extended to any other part of a building designed for such use, but no such use may be extended in any way to occupy land outside the building.
